In reply to a letter d 5-5-27 from this office calling for his recommendations for nominating a member to the Repve. Assembly to represent agricultural interest the Director of Agre. has sent the following reply.

75 From the Director of Agre- no. R.O.C. 1736 - H-C- d 13-5-27.

Notes that the majority of members of the Repve. Asst. though they may represent the agricultural classes will have to devote themselves to their local wants and cannot be expected to pay adequate attention to the larger agricultural interests of the State as a whole, and submits his recommendations.

Dewan's interview slip about Mr. M. Ramakrishna, is in the file

BR 16/5/27

The Director notes that when the local interests of the members are in conflict with the interest of the State at large, it falls to the Govt. members and officers to present before the House and to explain the wider aspects of the problems on hand which is naturally put down by a large number of members as 'Opposition'. The items mentioned as requiring thorough study and greater technical knowledge on the part of the members themselves are

(1) Law as applied to Agriculture
(2) Agricultural cooperation
(3) Malnad problems
(4) Financial aspect

and (6) Live Stock and
Veterinary work.

In this view the Director suggests that there should be at least 8 members nominated for agricultural interest which would admit of one representative for each district. He also mentions the names of persons in case only one has to be nominated, in case three are to be nominated, and so on.

In G.O. no. 1055-64/R.A. 47-26 d 12.4.27 passing orders regarding the allocation of seats to the 7 special interests under Schedule 3 to the R.A. Reg^n. 'Agricultural interests' is one of the 7 special interests recognised for the current triennium, and under this also only one member will represent 'agriculture' and he has to be nominated by Govt.

The recommendations received from the Director of Agriculture propose as many as eight members to represent ~~the~~ agriculture in view of its importance. The inclusion of this interest among the 7 special interests entitles it to have only one representative. But it is open to Govt. to consider this as a new interest under Section 3 (3) of the Regulation when it will be possible to allot more seats to it by increasing the strength of the Assembly itself.

It was also directed in the same Government Order that the seats representing the four interests, viz., (1) Agriculture (2) Spinning and Weaving (3) Mining Labour and (4) Sericulture be filled up by nomination.

The remaining 9 seats to represent the other 7 special interests are to be filled up by nomination. Orders have issued accordingly.

The several applications that were received from associations like the Vokkaligara Sangha and from individuals and the recommendations from the concerned Heads of Department have all been duly considered and as the matter was urgent orders have issued nominating -

Dear Sir,

14.5. 14.5

With reference to your letter No.R.E.L.1424-25, dated the 11th instant, asking me to suggest the name of a suitable candidate for nomination to the Representative Assembly to represent 'Mining Labour', I beg to state that outside the Kolar Gold Fields in the State, mining on a fairly large scale is to be found in parts of the Shimoga, Chitaldrug, Tumkur, Hassan and Mysore Districts, for Manganese and Chrome Ores. As it is, there is not any organization of mining labour which can be recognised by the Government, and as far as I know there does not appear to be any literate and influential man among the labourers themselves who can well guide them and represent their interests in the Assembly. In the circumstances, I think it would not be unfair to select one of the sympathetic employers themselves to represent the general interest of mining labour, and I would suggest the name of Rao Saheb Mr. A.M. Thangavelu Mudaliar, who as the Chairman of the Peninsular Minerals Company of Mysore, Ltd., employs a good number of men in the working of five manganese blocks.

Yours sincerely,

OFFICE OF THE SECRETARY
16. MAY 1927
REPRESENTATIVE ASSEMBLY
LEGISLATIVE COUNCIL

To

The Secretary to Government
Law Department, Bangalore.

SIR,

With reference to your letter No.R.Eh.1328 dated 5th May 1927 requesting my recommendations for the selection of members to represent the marginally noted interests in the Representative Assembly, I beg to submit as follows.-

1. Spinning and Weaving including Mills.
2. Sericulture.
3. Mining Labour.

I have carefully gone through the list of applications of gentlemen desiring a nomination to the Assembly, sent with your letter under reply. In regard to the member on behalf of the Spinning and Weaving interests, I presume that it is the intention of Government that the member selected should not only be thoroughly acquainted with the present condition of the industry, but should also be one who can be relied upon to take an active interest in its development. I do not consider that any of the names sent with your list fulfil these expectations. I beg to recommend, for the consideration of Government, the name of Mr. Sampoor Papanna to represent the Spinning and Weaving interests in the Assembly. This gentleman is a Devanga (Weaver) by caste. He was originally employed in the Industrial School at Dodballapur. He is not only fully aquainted with the problems relating to hand-loom weaving, but has specialized himself in the dyeing industry. It was largely as a result of his initiative and resource that Dodballapur was transformed from a decayed weaving centre into a relatively flourishing town. Mr. Papanna has since removed himself to Bangalore and owns one of the biggest dye-houses here.

(13)

In case however it is desired that a representative of the industry actually engaged in weaving should be nominated, I beg to suggest the name of Mr. Hosamane Kenchappa, the Proprietor of Messrs. Sankappa, Banappa, one of the best weaving establishments in Bangalore.

In regard to the selection of a representative for Sericulture, I enclose a letter from the Superintendant of Sericulture dated 10th May 1927. The Superintendent recommends that Mr. Sidde Gowda of Channapatna Taluk may be appointed. I fully agree with the reasons given by him and recommend that this gentleman may be nominated for the place.

In regard to the representative for the Mining Labour, I beg to suggest that Mr. O.V. Rajagopal, who is the Secretary of the Depressed Classes Mission, Robertsonpet, may be nominated. No other candidate has the same qualifications for the seat as Mr. Rajagopal.

I have the honour to be,
Sir,
Your most obedient servant,

CRamaganatha Rao Sahib
Director.

CRS/VRR.

Copy of letter No.4971/10th May 1927 marked confidential from the Superintendent of Sericulture in Mysore, Mysore, to the Director of Industries & Commerce in Mysore, Bangalore.

I am in receipt of your confidential D.O. No. C.C.84 of 7th instant re. the nomination of a member to the Representative Assembly to represent sericulture.

As personally informed by me, I think it would be useful to nominate a sericulturist from Bangalore District as Kolar District had the chance during the last three years. The gentleman who I think is best suited for the place is one Mr. Sidde Gowda alias Kariappa, son of Bandi Gowda, Mogenahalli village, Kasaba Hobli, Channapatna Taluk. This gentleman is a practical sericulturist and has been practising the industry for a number of years. He had also a large number of reeling basins but he has given up reeling now. He has been taking a good deal of interest in the improvement of the industry and with a view to educate the sericulturists in the surrounding villages he has given one acre of valuable land for a mulberry garden for the demonstration Farm at Mogenahalli and has also given a house for rearing purposes free of rent. He is the President of the Sericultural Co-operative Society at Mogenahalli and the good work that is being donw by that Society is to a large extent due to the personal interest he takes in its work.

Mr. Siddegowda belongs to a respectable family and is fairly literate and very influential. He has an intimate knowledge of the details of the silk industry and being himself a sericulturist is best fitted to represent the industry. He has been elected to the Bangalore District Board by the Channapatna Taluk constituency.

I have come in close contact with the gentleman during my stay in Channapatna Circle and in my capacity as Hon. Secretary of the Bangalore District Sericultural Conferences.

I am sure he will be able to help in the improvement of the industry if he is nominated to the Representative Assembly.

SIR,

In reply to your letter No.R El.1327 dated 5th instant, I have the honour to herewith return the various applications for nominations to the Representative Assembly.

2. I find it extremely difficult to make a selection as it seems that only one member is to be nominated and I crave your indulgence if I make a few remarks at the outset on the question of nominations generally.

3. It is easily conceded that the majority of the elected members already represent the agricultural classes but in the nature of things they have in duty to their constituency to pass either purely local matters or discuss general matter from a local view point. When their local interest is in conflict with the interest of the State at large or the financial position of Government, they have to ignore those wider considerations in order to serve and do justice to their local mandate. It falls almost entirely on the Government members and officers to argue those wider aspects of the problems on hand and this is naturally put down by a large number of members as "opposition".

4. It would be much more effective and add to the standard of enlightenment of the House if such wider aspects were argued and explained to the house by some of their own members.

5. There are several aspects in the agricultural interest

(46)

which should be dealt with and discussed by the members themselves more fully and with greater technical knowledge than they now can muster or from which they are debarred by local interests.

(1) Law as applied to agriculture has already been mentioned by the Vokkaliga Sangha

(2) Agricultural Education is another subject requiring more technical knowledge

(3) Agricultural Cooperation(as distinct from Credit cooperation) requires to be better known.

(4) Malnad problems should be discussed in their wider sense as distinct from parochial interest.

(5) Financial aspect. This is invariably discussed out of all perspective to existing conditions

(6) Live Stock and Veterinary work. In these matters also the attention of the majority of the members is one sided and inimical to arriving at satisfactory solutions.

6. Considering the above aspects you will readily admit that it is difficult to nominate a single member who could be expected to be fully conversant with all these problems.

7. Agriculture is of such vital importance to the State that I strongly hold that there should be at least eight nominated members for agricultural interest.

8. This would be satisfactory to the general public because the basis of one for each district could be adopted and in the selection the principle that the member be fully informed on one of the various aspects, and has the ability to expound these untrammelled by personal or parochial motives, can then be fully applied.

(17)

9. I would therefore make the following recommendation:

(1) If only one member is to be nominated. I think that the Vokkaliga Sangha should have first choice and that Mr. B.N. Vijaya Deva, who is thier & Vice President be nominated.

(2) If three can be nominated at once, Mr. Linge Gowda should ~~be~~ come as second and the Malnad Landholders' Association be asked to submit 3 names from whom one as third nominated member be selected.

(3) If eight can be nominated, then additional applications may be called for and the apllication of (1) Mr. Lakshmana Reddy of Goribidanur (2) Mr. M. Nanjappa of Chennarayapatna & (3) Mr. B. Narasinga Rao may then be considered while nominating the other five members.

10. I beg to enclose the original applications of the last two gentlemen as these reached me since.

I have the honour to be,

Sir,

Your most obedient servant,

Dear Sir

Government have notified in the Gazette that a member will be nominated to the Representative Assembly to represent Agricultural Interests. I ~~had~~ think the Government would naturally Consult you before nominating the member. I request you to kindly allow me to place before you my claims to the nomination if you approve of them.

(1) I am a graduate of the College of Agriculture Madras. I passed out of College along with Mr. D. G. Ramachandra Rao who is our Asst. Director of Agriculture. Since then, that is, from the year 1893 till now (nearly 35 years) I have been a planter

and a rejoi-

(2) I was nominated by the Government to the Board of Agriculture successively for eight years and it is only now I have been elected by the Indian Planting Constituency to the Board of Agriculture. During those eight years I was elected to the Standing Committee of the Economic Conference along with two others from the Agricultural Committee (Board of Agriculture)

(3) I was a member of the Representative Assembly for nearly 15 years representing Planting interests. And it was only at the last election I made room for the President of our association. During my membership to the assembly I was several times made Convenor on Special Committees. ~~afte~~ When I was appointed as Convenor of the Committee on "Increase of —

Agricultural Production and Agricultural Education". Sir M. Visvesvaraiya was kind enough to appreciate the report and publicly thanked me in his closing Speech to the assembly in April Session of 1918.

(4) Government have been kind enough to appoint me very recently as a member of the Mahanad Committee.

If you are satisfied that I can represent Agricultural interests in the Assembly I would request you to kindly recommend my name to Govt for nomination.

I am sorry I had to trouble you with this long letter & I hope you will kindly excuse me for the same.

Yours sincerely
J. Narasinga Rao

Respected Sir,

Being given to understand that a member will be nominated to the Representative Assembly, to safeguard the interests of Agriculture in the State, I am submitting this my application, with a fervent hope that my candidature for the same may be favourably considered.

I am a Vokkaliga by caste and an agriculturist by profession. I pay land revenue to the extent of Rs.180/-. It has been my hobby to devote my humble services to the uplift of the agricultural classes, by way of encouraging them to employ improved methods of agriculture and to understand the principles of co-operation in credit and self-help. I have been utilizing what little money I can spare to improve the status of Vokkaligara Students in particular and other agriculturists in general; and with this object in view, I have lately deposited with the Government Rs.10,000/-,

as

as endowment fund. For other services of similar nature His Highness the Maharaja was graciously - pleased to award me "a service medal" some five - years ago. A school-building worth Rs.10,000/-, in the village of Kantarajapura, a road from Sravana-belagola to Mandagere via Kantarajapura at an expense of Rs.5,000/- and a small "Katte" for the use of - cattle, are a few of the phylanthropic deeds I have done at a total cost of about Rs.50,000/-.

As it has been my earnest desire to continue my service to the agricultural classes, I pray that my candidature may be favourably considered.

I beg to remain,

Respected Sir,

Your most obedient servant,
